

Young Guns Kids Fishing Workshop

Young Guns Kids Fishing Workshop is run for 5 days across one week. Each session is run for 4 hours. Each day incorporates a new theme and each theme has its own focus point. All ages are catered for throughout the workshop.

Monday - Accuracy Casting Champions

On Monday we are going to bring out the master caster in you! The day will be broken down into the following activities!

- 10 Step Accuracy Casting Program - Here you will learn how to cast both effectively and accurately with our unique casting program. You will easily learn how to hold the rod properly, the “do’s” and “don’ts” of casting a fishing rod. This program is designed for anglers as young as 3 years, and is able to get them casting independently after only 1 hour.
- Pump and Wind Game! - This game teaches us how to correctly pull in your fish! It’s all in the name, this activity is all about pumping and winding.
- Fishing session - This session is run for 2 hours daily to maximize the fishing experience for our Kids Fishing Workshop attendees. With our qualified instructors at hand and our quality safety procedures you will be safely catching fish in no time!

Tuesday - Fish Food!

On Tuesday our focus is on Bait and how to present it to the fish! The day will be broken down into the following activities.

- Bait Bait Bait! - This activity is theory based, with some small practical baiting exercises. We will be learning about both saltwater and freshwater bait, including the species of fish that eats it. Our modified safety hooks are perfect for practicing your newly learned baiting techniques.
- Casting Session - A casting session to practice for our Casting Tournament on Friday. Remember the 10 Steps everyone!
- Fishing session

Wednesday - Fish are friends!

On Wednesday our focus is the Environment! We will be learning about marine ecosystems and the effects of pollution on fish habitats. The day will be broken down into the following activities:

- Theory Session - We have to learn how to best fish our waters, without destroying the environment they live in. This session is all about ecosystems, habitats and the environment, how we can help to protect and preserve our fishing areas! We use activity sheets, fish bingo, make your own jigsaws and other activities.
- Casting Session - A casting session to practice for our Casting Tournament on Friday! Remember the 10 Steps everyone!
- Fishing session

Thursday - What's my line?

On Thursday it's all about our gear! Rods, Reels and types of fishing line are the focus today. Our lines are important, but not as important as our rigs! Rigging our rod is another focus for today! The day will be broken down into the following activities!

- Knots and rigs - This session is focused on our fishing knots, with large scale demonstrations to assist in the session.
- Beginner Fly Tying! - Learn how to make your own Fly's with our beginner Fly Tying session.
- Fishing session

Friday - We are the Champions!

It's our last day of the Young Guns Kids Fishing Workshop and we're going to finish it off with our Casting and Fishing Competitions.

- Tournament Fishing - A presentation on Tournament fishing and where Fishing can take you.
- Casting Competition - Our Round-Robin Finale for our Casting Champions! Prizes for 1st, 2nd and 3rd place. Certificates of Achievement given to all students.
- Fishing Competition - Our Fishing Finale for our Pro Anglers! Prizes for 1st, 2nd and 3rd place. Certificates of Achievement given to all students.
- Pizza Lunch - To celebrate our Finale day for our Young Guns Kids Fishing Workshop!
